Hector began his career in the insurance industry in July of 1977 when he started working for Fireman's Fund Insurance Company in Ottawa. While there, Hector worked as a Loss Control Technician, Marketing Representative, and Territory Director covering Eastern and North-Eastern Ontario.

In 1986, after nine years with Fireman's Fund Insurance Company, Hector moved from Ottawa to the North Bay area and became a partner at G. R. Hutchinson Insurance in North Bay. It was then that he was first licensed as an insurance broker.

Hector went on to become a founding director in Equisure Financial Network Inc., with over 67 brokerage offices across Canada, before joining Rivet Insurance where he works as Commercial Lines Manager and Account Executive with expertise in Municipal Business.

In addition to being RIBO qualified, Hector also has his CAIB designation and sets himself apart from others in the insurance industry with his technical background, knowledge of processes and commercial products, knowledge of the operations of public entity business, and forty years of experience.

Outside of his work in the insurance industry, Hector has been the Mayor of the Municipality of Callander for the past 17 years. Has represented his Community on a number of regional boards and committees including Director of FONOM (Federation of Northern Ontario Municipalities).

Outside of his work and community involvement, Hector is a proud husband, father, and grandfather. Hector and Lynne raised three sons (Nathan, Christopher, and Kevin) and have been blessed and kept busy with five beautiful grandchildren.
